Financing

The project "The third step in Europe – the continuation of an international adventure at Secondary School No. 21 in Warsaw" No. 2021-1-PMU-4397, was organised in the framework of a „Transnational mobility of pupils” project, co-financed by the European Union in the framework of the European Social Fund, Operational Programme Knowledge Education Development.

Co-financing amount: PLN 172,890.00

About the project

The international partnership project, leaded by the XXI High School in Warsaw in cooperation with the Partner School – Istituto Salesiano G. Bearzi in Udine, Italy, aims to increase competences in the field of multilingualism, entrepreneurship, cultural awareness and expression, as well as digital and personal competences in the field of learning. Twenty students from the Polish school, realised a transnational mobility, living in the Italian town - Tarcento, located near the Partner School in Udine on 18-31.09.2022.

About participants

We are students of the Hugo Kołłątaj 21st High school, in Warsaw, born in 2005-2007. We came to Italy to improve our key competences, increase our knowledge, learn about Italian architecture and culture, also to expand our language skills and make new acquaintances.

About our school

XXI Liceum Ogólnokształcące im. Hugo Kottataj in Warsaw
- a secondary public state school in Warsaw.

The authority running the school is the Ochota District Office of the Capital City of Warsaw. Wioletta Debiec, who took over in 2019, is the principal. The school is located on Grójecka Street in the Ochota District of Warsaw

The School runs classes with the following profiles:

A: mathematics, physics and computer science

B: mathematical and geographical

C: humanistic

D: biological-chemical-mathematical

E: social

F: architectural

About the hosting school

We had the opportunity to take part in the project at the Bearzi School in Udine. Bearzi is a private salesian school where students focus on i.e. IT education. We had pleasure to participate in classes, to meet Italian students and the teachers, which made us curious and interested. The school has made a big impression on us in the aspects of equipment and the size of the building.

Mobility

set off: 18.09.2022

20 participants-pupils

return: 01.10.2022

4 teachers

This trip gave us incredible opportunities to improve our english skills and unforgettable experiences connected with exploring Italy.

During our stay in Tarcento we were given high standards of accommodation, catering and transport. Everyone who took

part in this project is extremely grateful and pleased with the possibility of taking part in it and is leaving Italy with a wide smile.

Subject of mobility

What were the classes dedicated to?

1. Creating architectural blog
2. Learning how to use „WordPress“
3. Developing language skills
4. Learning about the history of architecture and cultural expression
5. Exploring Udine region and Venice - outdoor classes

Substantive classes

During the classes we learned:

How to use WordPress

How to create blogs

We widened:

lingual abilities

Italian architecture

culture knowledge

Outdoor activities

Practice has facilitated us the development of new skills. This form of action was much more effective for us and let us to achieve our goals faster.

Cultural activities

As a part of the project activities, we visited many architecturally and culturally interesting places, including Venice and Trieste.

We visited
the following
places:

- Venice
- Trieste
- Udine
- Palmanova
- Cividale del
Friuli
- Tarcento

Results

Our result is a blog consisting of articles created by each of the four Polish-Italian-mixed groups. It contains a lot of information about the architecture and history of Udine and the surrounding area. During the trip we got to know the culture and customs prevailing in Italy.

Effects

Thanks to participation in the project, we have developed our IT skills in the field of creating blogs. We also improved our key competences such as language, cultural, personal skills and got acquainted with Italian culture.

Benefits of participating in mobility

Thanks to taking part in this program, we had the opportunity to get to know the culture of Italy and the architecture of the city of Udine.

We also had a chance to explore the surroundings of northern Italy and make new contacts and friendships.

Thank you for your attention
